WHO ARE WE?

Babcock Neighborhood School and Babcock High School are a 501c3 Public Charter School that was established in 2017. We are planted in the heart of the fastest growing planned communities in America, Babcock Ranch.

Students here are inspired, encouraged, and engaged in a curriculum with rigor that sparks their interests, talents, and passions. The sustainability and conservation principles of Babcock Ranch provide opportunities for implementation of an innovative hands-on, project-based learning experience.

GROWING WORLD CHANGERS.

The time has come to campaign for further growth on our campus so that Babcock students may reach their full potential. Our capital campaign will provide the facilities, tools, and resources to inspire the community to help offset this cost so we may bring this next level of extracurricular offerings to the students we serve.

It takes an entire community spirit beyond our campus to inspire students to find their voice and become world changers. It is crucial for students searching for athletic, creative arts, and music success to have programming that supports their passions. • • •

CURRENT AND FUTURE STATE OF ATHLETICS AND THE CREATIVE ARTS.

In the 2022-2023 school year we have offered a combined 28 sports programs for our middle school and high school student athletes. We had around 250 student athletes and want to grow our athletic programs, but also expand our offerings in music, theater, and arts.

To sustain our current programming, as well as add additional athletics and arts programming, we will need to fundraise to take our programming to the next level. Below is our current programming, with projections of what we hope to add over the next five years.
